

EAI Endorsed Transactions on Self-Adaptive Systems

Editor-in-Chief

Guan Gui received the Dr. Eng degree in information and communication engineering from University of Electronic Science and Technology of China (UESTC), Chengdu, China, in 2012. From October 2009 to March 2012, with the financial supported from the China scholarship council (CSC) and the global center of education (ECOE) of Tohoku University, he joined the wireless signal processing and network laboratory (Prof. Adachi's laboratory), Graduate School of Engineering, Tohoku University as for research assistant as well as postdoctoral research fellow, respectively. From September 2012 to March 2014, he was supported by Japan society for the promotion of science (JSPS) fellowship as postdoctoral research fellow at same laboratory. From April 2014 to October 2015, he was an Assistant Professor in Akita Prefectural University. Since November 2015, he has been a full professor with Nanjing University of Posts and Telecommunications (NUPT), Nanjing, China. He is currently engaged in research of machine learning, compressive sensing, and advanced wireless techniques. He is a Senior Member of Institute of Electrical and Electronics Engineers (IEEE).

Dr. Gui has been an Editor for the Wiley Journal of Security and Communication Networks (2012~2016), Editor of IEEE Transactions on Vehicular Technology (2017~) and KSII Transactions on Internet and Information Systems (2017~). He received IEEE International Conference on Communications (ICC) Best Paper Award in years 2014 and 2017, as well as IEEE Vehicular Technology Conference (VTC-spring) Best Student Paper Award in year 2014. He was also selected as for Jiangsu Distinguished Professor and Jiangsu High-level Innovation and Entrepreneurial Talent in year 2016 and "1311 Talent Plan" Nanjing University of Posts and Telecommunications in year 2017.
