Preface

The honorable Rector of Universitas Pendidikan Ganesha, Prof. Dr. I Wayan Lasmawan, M.Pd.

Dear distinguished guests, invited speakers, and participant.

Om Swastyastu,
Assalaamu'alaikum wr.wb,
Greetings
Shalom
Namo Budhaya
Rahayu
Greetings Harmony

We would like to express our gratitude to the Almighty God for the holding of an international seminar with the theme Challenges and Opportunities to Local Communities Resilience in Global Change. This seminar is a collaborative effort to explore and discuss the various challenges and opportunities faced by local communities in adapting to increasingly rapid and complex global changes.

Climate change, technology, and global socio-economic dynamics have had a major impact on the lives of local communities. Therefore, it is very important for us to understand how these communities can increase their resilience and take advantage of existing opportunities to survive and thrive. This seminar presents academics, researchers, and practitioners from various backgrounds, all of whom are concerned about this issue and share their thoughts and solutions to address these challenges.

We would like to express our deepest gratitude to all speakers, participants, and contributors who have made major contributions to this event. Your presence and active participation have enriched the discussion and opened up new insights in understanding the resilience of local communities amidst global change.

We would also like to thank all the committee members who have worked hard in preparing and making this event a success. Your hard work and dedication have made this seminar run smoothly and provide benefits for all of us. Hopefully this seminar will not only be a discussion forum, but also a starting point for collaboration and real action in increasing the resilience of local communities in an era of global change

Thank You and Warm Regards,

I Putu Hendra Mas Martayana, M.A.
Chairman of The 6th ICL SSE 2024
