Preface

The 4th International Conference on Education, Humanities, Health, and Agriculture (ICEHHA) was successfully held by Universitas Katolik Indonesia Santu Paulus Ruteng, Indonesia. This conference served as a dynamic platform for academics, researchers, and practitioners to share their knowledge, research findings, and innovative ideas across the diverse fields of education, humanities, health, and agriculture. This proceeding is a compilation of 35 full papers carefully selected from the numerous submissions received for the conference. The papers presented here represent a wide range of topics and perspectives, reflecting the interdisciplinary nature of the conference and its aim to foster collaboration and exchange of knowledge among different disciplines.

We would like to express our sincere gratitude to all the authors who contributed their valuable work to this proceeding. Their research and insights enrich the academic discourse in their respective fields and contribute to the advancement of knowledge in the broader community. We also extend our appreciation to the reviewers for their meticulous evaluation of the submitted papers, ensuring the quality and rigor of the research presented in this proceeding. We hope that this proceeding will serve as a valuable resource for researchers, practitioners, and students interested in the latest developments and trends in education, humanities, health, and agriculture. We believe that the knowledge and insights shared in this proceeding will inspire further research and innovation, leading to positive impacts on society and the world.

We are proud to present this proceeding as a testament to the success of the 4th ICEHHA conference and the commitment of Universitas Katolik Indonesia Santu Paulus Ruteng to promoting academic excellence and interdisciplinary collaboration. We look forward to future ICEHHA conferences and the continued exchange of knowledge and ideas among scholars and practitioners from around the globe.

Volume Editor,
Dr. Maksimus Tamur, M.Pd.

Contents

The Effect of Implementing Problem Based Learning (PBL) Model with Teaching Aids for Ability Mathematical Problem Solving <i>Lana Sugianti, Eufasia Jeramat, Fransiskus Hendra Mahal</i>	1
